*Associated with  
enlightenment and illumination,  
our conscious and  
subconscious,  
the Moon's method of illumination  
is more subtle, relying on reflected  
light. The moon represents the type  
of knowledge that comes to us  
through insight, rather than the  
kind we can actively search for in  
the world.*

## Moonology: Working with the Magic of Lunar Cycles

by Yasmin Boland

Did you know the cycles of the moon have a huge effect on our health, our mood, our relationships, and our work? By understanding these phases, we can work with them to improve and empower every aspect of our lives. In Moonology, world-renowned astrologist Yasmin Boland unveils:

- > why connecting with the moon can change your life for the better
- > powerful rituals and ceremonies for each moon phase
- > how the moon connects us to nature and the cosmos
- > how to work out where the moon is in each cycle
- > international New Moon and Full Moon dates for the next 10 years

You will also learn affirmations, visualizations, and chants to use during each phase of the moon, and will discover the role of Angels, Goddesses, and Ascended Masters during the New and Full Moons. This is a book for all those wishing to deepen their connection with nature and take their spiritual practice to a new level.

## Mugwort and the Moon

Plants aligned with the moon are connected to fluids in the body, help regulate menses, and are associated with the subconscious mind. Mugwort is used to enhance visions and dreams. The leaves and early flowers of the plant can be dried and burned. The smoke is thought to promote visions and can induce lucid dreaming. Burning the herb is also thought to move stagnant energy in the home and can be used as a smudge to clear a space.

The tea from steeped leaves can also be used to clean altar objects, cleansing them of any negative energy that they might be holding. Young leaves can be used in a tincture, and these leaves should be harvested during the full moon.

## Ask and You Shall Receive

with Danielle Egnew

Saturday, January 15,  
1:00 pm - 3:00 pm  
\$45

The idea of an "All-Knowing Universe" has many people confused as to what degree of participation they have, in asking for help from the Universe. In other words, people often believe that "The Universe" should simply "know" what they need, therefore, they do not ask for help from The Divine, from Their Guides, or Their Angels. People often believe that the Universe "knows better" for them, than they know for themselves. Since the Universe resides within each one of us, this becomes a very confusing construct, because we, as human beings, are required to participate in our own life path and growth patterns to best access the Universal Gifts that are present for each one of us.

In other words, we must ask for the help we'd like to receive.

And though it's true that Universe will weigh in on Its own and help us in times of great turmoil, Universe is waiting to co-partner, WITH YOU, on the issues in your life that YOU most wish to address. Free will is a real energy. Even the great Spiritual Presence known as Jesus said to His questioning disciples: "You have not because you ask not." Why is it then, sometimes when we ask The Universe for something - "nothing happens"?...Or, so we think?

Join Angel Translator, Psychic, Medium and Author Danielle Egnew in this interactive forum which reminds us all that we must be participants in our own journey: Why is "the ask" important? What is the difference between co-creating solutions with the Universe and "testing" the Universe? What's the difference in co-creating successful life path miracles with the Universe, and simply using Universe as a manifestation "Amazon order form" for a new car, new home, and more money?

TO REGISTER, purchase your ticket online at <https://DanielleEgnew-Advisor.com/events>, or in person at Barjon's Books.

Space is limited to 25 attendees. Masks are required. Due to limited seating, all tickets are non-refundable. If a cancellation must occur due to Covid, a credit will be issued for future Danielle Egnew workshops at Barjon's.
